How to load the Trading Robot

you have downloaded the super scalper ex5 file, copy it to your clipboard

1. Open your weltrade mt5

2. Navigate to “file” on the top left corner, click on it
3. Next click “open data folder”
4. Open the “MQL5” file
5. Inside of it open the “EXPERTS” file and paste the super scalper ex5 file inside of it.
6. Now close your mt5 and reopen it again.
7. At the top menu next to file click on “VIEW”
8. Go to navigator
9. On the menu that appears, navigate to “Expert Advisors”
10. You will see “Super Scalper 1.0”
11. Drag and paste the robot on Painx1200 index chart and make sure the chart is on 1 minute time frame.
12. To ensure the robot/EA is activated at the top menu look for “algo trading “ and click the red square, it will turn to a triangle, this shows the EA/robot is activated and waiting for the perfect time to take its 1st trade.
